

Military Analysis

The aim of Military Analysis (MA) is to develop the ability to challenge and test hypotheses, through the medium of contemporary Defence Studies, so producing the flexibility of mind and analytical skills required by officers. The 3 MA modules are run at Army Education Centres. Captains attend these modules with at least a 6 month gap between each module.

Completion of the MA package is a mandatory requirement for all DE officers promoting to Major.

Module A - The Application of Force
