HQ BFG HS MOVES OUT OF WEGBERG MILITARY COMPLEX

BFG Health Service Headquarters will relocate to Buildings 3 and 5, Stephens Way, JHQ at the beginning of September. The HQ will be the last unit to move out of the former RAF Hospital in Wegberg which will subsequently be handed back to the German Authorities.

Built in just 111 days in 1953, RAF Wegberg was a fully operating hospital for 43 years. The site was formally handed over to UKSC on 1 April 1996 and has been the home of HQ BFG HS since it's formation in 1999.

The Community Paediatrics Department, Speech and Language Therapy Department, Clinical measurements and GU Med have already moved out and relocated into their new premises. The physiotherapy and Department of Community Mental Health will be relocating to Javelin Barracks at the beginning of September. New contact details and locations for the clinical services are on our website www.bfgnet.de/bfghs/bfghs.html.
